## Are there any restrictions on this cover?

- ! For each call-out or repair to your system you will be charged an excess of £50. The excess must be paid before an engineer will come to your property.
- ! For boilers seven years or older that have been condemned on the grounds of safety and/or have faulty components which are Obsolete Parts, we will discuss alternative new boiler installation options with you.
- ! Customers in their first policy year are unable to make a Claim within the first 18 days of the contract. This is known as the Claims Freeze Period.
- ! If spare parts are available but, in our opinion, your System is considered to be Beyond Economic Repair then we will offer you a contribution, at our discretion, towards a new boiler.
- ! For customers setting up a new policy with a start date on or after 01/02/2021 we only cover boilers shown on the Boilers We Cover list accompanying your sales letter. This can also be found at [www.sse.co.uk/home-services/regulations](http://www.sse.co.uk/home-services/regulations)

## Where am I covered?

This policy is available in mainland GB for the property stated in your policy documentation.
