2. GENERAL

- 2.1 Please ensure that You read this Agreement carefully. If You have any queries, please contact Us to discuss prior to your Appointment. Due to the immediate nature of your Breakdown or Fault, you agree to waive your right to an 18-calendar day cancellation period for the initial Work and any associated Insurance Contract you may have with us.
- 2.2 Where you have purchased an Insurance Contract in conjunction with this Product, we will undertake your Initial Inspection during the Engineer's visit to repair the Breakdown or Fault. Please refer to your Insurance Contract policy documentation for further detail.
- 2.3 We reserve the right to amend or withdraw the Agreement at any time prior to it being accepted by You.
- 2.4 We may provide You with an alternative heating source during the Works. You will remain liable for all charges and costs associated with such alternative heating source for the duration of the Work.

3. PAYMENT

- 3.1 You will pay to Us the Agreed Contract Price in full over the telephone prior to the commencement of the Breakdown or Fault Work. Payment shall be by credit or debit card only unless otherwise agreed by Us.
- 3.2 There is a maximum parts cost of £500 including VAT for your Works. Where the value of the repair is in excess of this value, you will be provided with a Quote to pay the difference (over and above £500).
 - 3.2.1 Where you accept this Quote, you will be required to pay the fees prior to further work commencing and being completed.
 - 3.2.2 Where you decline the Quote, the Breakdown or Fault visit and any associated Insurance Contract will be cancelled. You will be reimbursed your initial payment, except for a £50 fee which will be retained to cover the costs of our Engineer visit. The exception to this is where you have purchased SSE Boiler Rescue.

4. THE WORKS AND IMPORTANT TERMS

- 4.1 We will undertake the repair work to a single and/or primary Fault only within the scope of the Product.
- 4.2 For any additional work or repairs to excluded elements, a separate Quote may be provided to you. If this extra work is required to resolve the primary Fault and you decline the Quote, clause 3.2.2 will be applied. Where the additional work or repairs are not essential, to be decided at our discretion, and you decline the Quote, we will continue to only repair the single and/or primary Fault.
- 4.3 If Your Property is a listed building or the Works require planning permission then You must provide Us with evidence that the necessary consent(s) are obtained prior to the Works commencing. You will obtain all such licences and consents (including planning and building

control consents, if relevant) that are required for the lawful undertaking of the Works at Your own cost.

- 4.4 We may transfer all or any part of Our rights and sub-contract any of Our obligations under this Agreement without Your consent. We will make sure that Your rights are not reduced if We do this, and in particular that the new supplier holds any necessary industry registration.
- 4.5 We will take care to carry out the Works without causing damage to Your Property. We will make good any unnecessary damage caused by Our negligence. However, We are not responsible for the cost of repairing any Pre-Existing Fault or System Deficiency or damage to Your Property that We discover in the course of undertaking the Works.
- 4.6 When undertaking the Works, we may charge for work required to gain access to your Boiler, Controls and Central Heating System if it is built into the fabric of your Property. This includes, but is not limited to, pipes buried in walls or floors. We will not be liable for any making good. Alternatively, you can choose, or we may ask you, to have this work completed by a third party.
- 4.7 As water supply rates can be variable, We cannot be responsible for Your Boiler, Controls and Central Heating System failing to function properly because Your water supply becomes inadequate or variable.
- 4.8 Condensate pipes in unheated or external areas can freeze in extreme weather. We will not be liable for any costs You incur should this happen.
- 4.9 We are responsible for any death or personal injury caused by Our negligent acts or omissions or for Our failure to use reasonable care and skill when carrying out the Works. Otherwise, We will only be liable for any loss or damage which is a foreseeable consequence of a breach of this Agreement. Loss or damage is reasonably foreseeable if either it is obvious that it will happen or if, at the time the contract was made, both We and You knew it might happen, for example, if You discussed it with Us during the sales process. Our maximum liability to You under this Agreement shall not exceed the Agreed Contract Price. We are not responsible for any business loss.
- 4.10 The headings in these terms and conditions are for Your guidance only and do not affect the interpretation.
- 4.11 We may charge for works required to rectify blockages or remove airlocks.
