

# Boilers We Cover

The table below provides a list of boilers that we can offer insurance for.

Please contact us if:

- The manufacturer of your boiler is not listed
- The model of your boiler is listed as excluded
- The age of your boiler exceeds the listed age restriction  
(the installation date is usually on a boiler sticker or in the back of the manual)

If you're not sure of the boiler's age (the number of years since it was installed), contact the manufacturer with the serial number (found on the boiler or in the manual) to identify the year of manufacture and you can use this instead.

If your boiler is found to be one we cannot offer insurance for, we may decline any claims and terminate your agreement.
