

Smart Export Guarantee (SEG)

Application form

Information regarding eligibility for the Scheme

To register for the Smart Export Guarantee (SEG) scheme, the following must be true:

- Your installation must have a total installed capacity of up to 5MW (or up to 50kW for micro-CHP installations)
- You must have a SMETS1 or SMETS2 smart meter (or a meter capable of measuring at half-hourly intervals)
- Your installation must be certified under the Microgeneration Certification Scheme (MCS) for solar, wind and micro-CHP below 50kW, or have EN 40511 accreditation (or equivalent) for solar and wind installations above 50kW and for all hydro installations
- You can't be receiving an export tariff payment for your installation under another renewable scheme

Transfer to SSE from another supplier

Your current SEG provider's details

Transfer Export from Feed In Tariff (FIT) scheme

Your current FIT provider's details

Do you have any other installations on site?

Yes

If Yes, please give your Microgeneration Certification Scheme (MCS) or accreditation details FIT provider's details

2. About the person that owns the generating system

This person will be named on the contract and will be paid for the energy generated.

Title (Mr, Ms, etc)	<input type="text"/>
First Name	<input type="text"/>
Surname	<input type="text"/>
Email Address	<input type="text"/>
Telephone Number	<input type="text"/>
Date of Birth (DD-MM-YYYY)	<input type="text"/>
Correspondence Address	<input type="text"/> <input type="text"/> <input type="text"/>
Correspondence Post Code	<input type="text"/>

3. About the generating system and its connection to the grid

Technology type

Solar

Wind

Hydro

Combined Heat and Power (CHP)

Anaerobic Digestion (AD)

If AD, please provide accreditation from Ofgem.

Where is the system installed?

If different to above, please specify

Same address as above

Installation Address	<input type="text"/> <input type="text"/> <input type="text"/>
Installation Post Code	<input type="text"/>

Connection to the grid

Your SSE account number If you're an SSE customer for electricity you import	<input type="text"/>
Import MPAN	<input type="text"/>
Export MPAN	<input type="text"/>

Your Export Meter Details

Meter Serial Number

Number of dials on meter
