Moving day

- Take last meter readings
- Make sure you have essentials for the first day
- Test the lights and electrics in the new home
- Check home security
- In your old home - final walk around
- In your new home - be ready for an emergency
- Check the hot water and heating in the new home

Already moved in

- Take opening meter readings
- Test alarms and check for safety equipment
- Register with your local doctor and dentist
- Find out the current gas and electricity supplier
- Find out your bin day
