# Important information about these packages

1. These phone packages are only available to residential customers in Great Britain, with a suitable phone line at the address where the service is provided.
2. All prices listed include VAT at 20%, unless stated otherwise.
3. These phone packages do not have a fixed term, meaning that there are no early termination charges if you decide to change package or take your phone service to another provider.
4. About bills: the default option offered to all new customers is monthly e-bills; a monthly paper bill can be requested at a charge of £2 per bill. Monthly bills are issued from the day of service activation. There will be 2 components to the first bill; any upfront charges (e.g. line connection fee), and the first month's rental. All subsequent bills will contain the upcoming month's fixed rental charges, and any charges made over the previous month (e.g. call charges).
5. The standard payment method available for new customers is Direct Debit.
6. Please be aware that phone customers joining SSE from May 2018 cannot make calls to premium rate numbers beginning with 09.
7. No part charging for inclusive calls: when calls that could be inclusive run over more than one charge period, they will be charged according to the rate applicable when the call started.
8. For calls made to UK mobile numbers, where not inclusive, the charge will be the same no matter where the mobile is located (e.g. abroad) at the time of the call. Numbers starting with 070 are classified as personal numbers and are not charged at the standard mobile rate. Calls to 070 numbers can cost a maximum of 99p for a one minute call, with subsequent minutes costing a maximum of 76p per minute.
9. Notification of any change to prices or other information will be listed in this area of our website: [sse.co.uk/help/phone-and-broadband/price-changes](https://www.sse.co.uk/help/phone-and-broadband/price-changes). We suggest that you check this page regularly. Please note that only significant adverse changes (including any increase in the core monthly charges) will be notified to you in writing a month before they take place. All other changes will be notified only on our website.
10. Alarm Systems: if you have an alarm that dials out using your telephone line, please note that on rare occasions these alarms may be disrupted if a telephone line is transferred between different suppliers. We are not able to identify which alarms might be disrupted, therefore if your alarm is of a critical nature (e.g. to be used in case of a medical emergency) then we suggest you make alternative arrangements for the transfer date.
